

We would like to hear from you!

Rancho Santa Margarita is in the process of updating the Local Hazard Mitigation Plan (LHMP). The LHMP helps the community to reduce its vulnerability to the impacts of natural hazards like earthquakes, drought, wildfires, and others. Your input is important to us as we identify threats and strategies to mitigate them.

Please join us on Thursday, March 7 at 12:30 right after lunch in The La Miranda for dessert, coffee and discussion.

The Planning Team really values your opinion.

For questions regarding the LHMP, call Wendy Starks, Principal Planner at (949) 635-1807
