SUBJECT: Consideration of Resolution Ratifying the Existence of a Local Emergency Related to the Airport Fire

Recommendation

Adopt a Resolution entitled:

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF
RANCHO SANTA MARGARITA, CALIFORNIA, RATIFYING
THE EXISTENCE OF A LOCAL EMERGENCY

Discussion

On Monday, September 9, 2024, at approximately 1:30 p.m. hours, a wildfire erupted in Trabuco Canyon immediately adjacent to Rancho Santa Margarita jurisdictional boundaries (the "Airport Fire"). The Airport Fire grew from an initial seven acres to over 9,000 acres in less than 24 hours, endangering nearby Rancho Santa Margarita neighborhoods, resulting in mandatory and voluntary evacuations of over 3,200 residences.

The City of Rancho Santa Margarita is a significantly populated city located within Orange County, which is the sixth largest county in the United States. Moreover, the City is designated by Cal Fire as having Very High Fire Hazard Severity Zones, making the City highly susceptible to the dangers of the Airport Fire.

On September 9, 2024, at approximately 2:30 p.m., the City activated its Emergency Operations Center, initiating response coordination between the City, the Orange County Fire Authority, the Orange County Sheriff's Department and other local and state agencies.

On September 10, 2024 at 1:47 p.m., the City Manager, acting as the Director of Emergency Services, proclaimed a local emergency in order for the City to promptly address, prepare for, and take actions necessary to protect public health, safety, and welfare within the City in response to the Airport Fire. The proclamation ensures the continuity of public services and the City's ability to keep the community safe.

Resolution Ratifying the Existence of a Local Emergency Related to the Airport Fire

Pursuant to the California Emergency Services Act and the City's local implementing ordinance, declaring a local emergency when a crisis situation exists provides emergency powers and authorities to the City and provides some additional liability protections for the City. In many cases, this local declaration is also the first step in seeking funding for reimbursement and other financial assistance.

Government Code section 8630 requires that a proclamation of a local emergency that is made by the City Manager, rather than by the City Council, must be ratified by the City Council within **seven (7) days**. The proclamation was executed by the City Manager, acting as the Director of Emergency Services, on September 10, 2024. Unless the City Council adopts a Resolution ratifying the existence of a local emergency by September 17, 2024, the local emergency will terminate. Because proclaiming a local emergency provides extraordinary powers to the City, if ratified by the City Council, the City Council must review the need for continuing the local emergency at least once every **sixty (60) days** thereafter.

Conditions still exist within the City which constitute an emergency and the need exists to continue with the authorities granted. It is requested that the City Council ratify the existence of a local emergency at this time. In addition, the City Clerk is directed to schedule a review of the need for continuing or terminating the local emergency at least every 60 days hereafter until terminated.
